Program Entry Requirements: Students must possess an ABET Accredited associate degree in Engineering Technology. Students within 12 hours of Technical College Completion may be provisionally admitted to the program, but may take no more than 12 hours of ETMG courses with the ABET accredited associate degree in Engineering Technology. Exceptions for admission of students from non-ABET accredited Engineering Technology programs may be granted based on the ETM Exception Policy.

- The successful completion of MATH U141 Calculus I or higher with a minimum grade of C fulfills Mathematics requirement. The credit hours must be replaced with General Education electives.
- The minimum acceptable level of competency is completion of the 101 level of a language. Students who place into the U102 or higher level of a language satisfy the language requirement but will have additional hours in general education electives, if hours are required by their degree program.
- A maximum of 76 hours, including 31 hours of technical courses, may be transferred from a technical college curriculum. All courses transferred for degree credit must be a minimum grade of "C."
- A minimum grade of C is required and an ETMG course used to meet ETM major requirements may not be taken more than twice. Attempts include receiving a "W", "WF", and "Audit". Appeals to this policy may be made to the Chair of Informatics and Engineering Systems.
- To receive an Engineering Technology Management degree, students must complete at least 15 hours of major course credit at USC Upstate.
- Technical content transfers in from the associate degree in an Engineering Technology area.
- Upper Level Electives include 300 level or higher courses and any course accepted by the University as meeting the requirements of a cognate.
- ECON U221 Principles of Macroeconomics or ECON U222 Principles of Microeconomics is recommended for a Social and Behavioral Sciences elective for students choosing to complete a minor in Business Administration.
- ECON U222 Principles of Microeconomics is recommended for a Social and Behavioral Sciences elective for students planning to take ECON U326 Managerial Economics for a cognate or minor in Business Administration.
- College-level technical communications course (e.g., ENGL U346 Technical Writing or INFO U345 Technical Presentation and Communication).
