Total Hours	120-122

- ¹ The successful completion of MATH U127 Precalculus II with a minimum grade of C fulfills the Group II Mathematics requirement. The additional three hours are made up as electives.
- ² The minimum acceptable level of competency is completion of the 101 level of a language. Students who place into the 102 or higher level of a language satisfy the language requirement but will have additional hours in general education electives, if hours are required by their degree program.
- ³ A minimum grade of C is required.
- ⁴ A biology course used to meet biology major requirements may not be taken more than twice. Attempts include receiving a "W," "WF," and "Audit." Appeals to this policy may be made to the Chair of Natural Sciences.
- ⁵ To receive a biology degree, students must complete at least 15 hours of major course credit at USC Upstate.
- ⁶ A minimum of two 500-level courses (excluding U599) must be completed. A total of 12 courses in the major are required.
- ⁷ At least three of the four courses must have an associated lab. For the Biology Bachelor of Arts degree, CHEM U332 Organic Chemistry II and CHEM U332L Organic Chemistry Laboratory II may be substituted for a 300-level biology lecture and laboratory course, respectively.
- ⁸ For the Biology Bachelor of Arts degree, only Statistics (MATH U102 Elementary Statistics or PSYC U225 Psychological Statistics) is required as supporting course.
- ⁹ Up to 6 hours (8 hours if lab courses) of general education (less than 300-level) may be used to satisfy requirements of a minor.
- ¹⁰ Students who do not complete a minor must complete at least 12 upper-level credits beyond major requirements and supporting courses. Courses must be at 300-level or higher or be included on the list of courses that count for cognate credit. PHYS U201 General Physics I and PHYS U202 General Physics II are recommended.
